Subject: Planned Distribution of \$2 million General Fund for Special  
Transportation Operations

The 2011 Oregon Legislature allocated \$2 million in General Fund for operations of transit services for older adults and people with disabilities through Senate Bill 5508:

“SECTION 49. In addition to and not in lieu of any other appropriation, there is appropriated to the Department of Transportation, for the biennium beginning July 1, 2011, out of the General Fund, the amount of \$2,000,000 for senior and disabled transportation services operating grants.”

This is great news, and means that there is strong legislative support for transit even in a very difficult economy.

The Public Transit Division plans to allocate the funds through the Special Transportation Operations (STO) program. Every STF Agency will have access to a share of the funds and may use their own local process to determine the best use of the funds.

The STO program is defined by Oregon Administrative Rule (OAR) 732 Divisions 5 and 30. See the link to the OAR: <http://www.oregon.gov/ODOT/PT/PROGRAMS/STF/STF-OARs.pdf>

The OAR establishes a distribution by population with a minimum allocation of STO of \$15,000/year, \$30,000/biennium. An attachment shows how the funds will be distributed to each STF Agency.

Application materials will be distributed to the STF Agencies by August 19, 2011. We plan to include the STO funds in the STF Formula agreements.
